

Speculation Of Timing Events For The Future Construction Of The Temple In Jerusalem

by Mel W. Coddington, Ph.D., written and posted on the Internet in August, 2025

SEARCH KEYWORDS: when will the destruction of the Dome Of The Rock Mosque in Jerusalem happen, speculative prediction about an end times event of an earthquake happening in Jerusalem on April 3 of 2027, speculative prediction about a 7-year intense dispute over Israel starting construction on the Temple in Jerusalem

- - From my research in the document "Speculation Of When The Great Tribulation Will Start" (on the 'Doctrines' web page of my ministry website, www.BelieverAssist.com), if the construction of the Temple in Jerusalem indeed will start presumably in the middle of the year 2034, therefore it seems logical and necessary that Jehovah God would need to utterly flatten in an earthquake the Dome Of The Rock mosque on that site years before 2034, which of course could occur any day now until then.

- - Thereby, it seems plausible that Jehovah God may time this flattening destruction of that Islamic mosque to occur on the day of April 3, 2027, as a sign and a demarcation point of exactly 7 years before the start of the 7-year Great Tribulation.

- - This timed flattening of the mosque would also serve as a sign to coincide with, identify, and confirm the exact day of the crucifixion of Jesus (April 3) and to forewarn of the impending mass horrific destruction that will occur during the following Great Tribulation, that has a duration of 7 years.

- - In preparation for this anticipated plausibly soon-coming April 3, 2027 flattening of the mosque, we true believers and servants of Jesus the Messiah seemingly have an objective, opportunity, and implied responsibility to now spread awareness of this impending God-caused destruction of that mosque, so that other people will have irrefutable proof and then become convinced and motivated to get their life right with God through Jesus, and subsequently be motivated to engage in actively serving God in the little time remaining before the start of the terrible Great Tribulation in 2034.

- - The 7 years of time after the destruction of that mosque will undoubtedly involve relentless bitter disagreement and intense objection by adherents and countries of the Islam religion, in strong opposition to Judaism and Israel building its Temple on that site where that mosque had previously been standing.

- - Thereby, this intermediate 7 years of irreconcilable stalemate about Israel's insistence on starting construction of the Temple will likewise serve as a sign to true believers of the forthcoming Great Tribulation. Also, it will produce fertile conditions for the subsequent advent of the Antichrist as a miraculous peacemaker in regard to this intense dispute about the construction of the Temple, brokering a peace deal between the adherents of these two religions during the first few months after the presumed April 3, 2034 start of the Great Tribulation.

- - Logically as an extension, considering if Jehovah God intentionally highlights the date of Jesus' crucifixion on the cross by rapturing His true Church and starting the Great Tribulation on presumably the 2,001st anniversary and Passover day of that exact crucifixion Passover day of April 3, 33 A.D., then an additional reasonable assertion is that Jehovah God would probably likewise coordinate the rapture on this upcoming anniversary date with the exact time of day of Jesus' death on the cross, which would

be approximately 3 o'clock in the afternoon Jerusalem time, on April 3, 2034. (Matthew 27:46-50 - "about the ninth hour")
